

# TIFFANY LO

## FULL STACK WEB DEVELOPER

WWW [tiffany-lo.net](http://tiffany-lo.net) • LINKEDIN [/tiffanylocodes](https://www.linkedin.com/in/tiffanylocodes) • GITHUB [/missamii](https://github.com/missamii)

“At a young age before GA, I taught myself both design and code. After some time away, I’m back to my self-driven ways of exploring, learning new technologies and building awe-inspiring projects.”

### SKILLS

HTML/CSS • PHP • Ruby • JavaScript • jQuery • ES6 • Ruby on Rails • PostgreSQL  
MongoDB • SQL • MySQL • React.JS • WordPress • Express • Node.JS • API • Paint  
Shop Pro X • Web Hosting • FTP • Greensock

### EXPERIENCE

**08.2017 - 08.2017** **CiFiCo** • JavaScript Animator

Animated SVGs and created SVGs. Pure vanilla JavaScript and a third-party animation library, Greensock. Front End: CSS, HTML5, Javascript, Greensock library.

**03.2017 - 08.2017** **Global Telecom Supply** • Full Stack Web Developer

Created and maintain their website and backend. I brought to them their first and new official in house code base. Front End: JavaScript & jQuery, Bootstrap, HTML/CSS. Back End: PHP, MySQL/SQL, JavaScript.

**02.2017 - 03.2017** **ScriptEd Inc.** • Academic Web Developer

I introduce High School students to the fundamentals of HTML, CSS and JavaScript. So they can be equipped to build their own websites and games.

**11.2016 - current** **Tiffany Lo Designs** • Full Stack Web Developer Freelancer

I present my client’s with attractive, functional websites and applications to make their products and services stand out to a wide audience. Using wide range of technologies to make their goals a reality. Past Client(s): Kyle Moore - WordPress Theme; Frontend: HTML, CSS, W3.CSS framework. Backend: PHP, MySQL & Landing Page; Frontend: jQuery, Bulma framework.
